NUMBER 228.

## BRIDGE GAVE WAY.

Passenger Train Thrown Into a Creek.

SEVEN PERSONS WERE KILLED.

A Number of Others Wounded, but None of Them Likely to Die—High Water the Cause of the Disaster—Names of the Dead and Injured—The Loss a Heavy One to the Railroad Company.

DANVILLE, Va., Aug. 17.—An awful accident occurred at the county line trestle, just east of Milton, by which two passenger coaches and a sleeper were precipitated 60 feet into the creek below, killing seven persons outright and wounding a number of others.

The train was the regular train bound for Portsmouth. After passing through Milton and going over the trestle the engineer, Peyton Tunstall, who says he was running at the rate of 10 miles an hour, felt the bridge giving away. He threw open the throttle and the engine, tender and boxcar got safely over, but the passengercar was too late, and the span went down under its weight, the second passengercar and sleeper following.

The cars were shivered into kindling-wood and the escape of any of the passengers was a miracle. The water in the creek had risen to the depth of 12 or more feet, and it is the general belief that the rise had undermined the foundation of the iron piers, causing the trestle to settle.

On the train at the time were about 16 persons, including the trainhands, but only one of the latter—Conductor Morris of Portsmouth—was killed; none of the others receiving serious injuries.

In the sleeper were Mrs. Harvey Giersch, two children and nurse of Winton, N. C.; Conductor J. L. Sizer of Richmond, and J. R. Townes, colored porter. The nurse was drowned and the conductor and porter were slightly injured. Mrs. Giersch was on her way to Lawrenceville to visit friends.

The depot agent at Milton heard the crash and immediately gave the alarm by tolling the bell. The people turned out in full force and went to work at once to rescue the dead and injured from the debris.

Mr. J. L. Sizer, the Pullman conductor, in speaking of the accident, says: "I had just gotten through with my collections and reported to Captain Morris, who had passed forward on the train, and was preparing to retire when the crash came. Fortunately I was in the forward end of my car. Mrs. Giersch's nurse was in the rear end of the car, where she was found with her head and chest under the water, and was most probably drowned, as there was no heavy timbers or anything else on her body that might have caused her death."

The little 18-year-old daughter of Mrs. Giersch, not realizing the danger through which she had passed, said to the rescuers: "Don't mind me; I am not hurt, but please take mamma out."

The following is the list of killed and wounded:

The killed are:  
H. Morris, conductor, of Portsmouth, Virginia.  
W. R. Ellison of Alton, Va.  
J. G. Davies, a farmer, of Baskerville, Va.  
W. R. Elam of Durham, N. C.  
James S. Lowe, railroad conductor, from the west, who was a passenger.  
Thomas Lee, colored, of Winston, North Carolina.  
Francis Jenkins, colored, of Salem, North Carolina.  
The wounded:  
Mrs. Harvey Giersch of Salem, N. C., slightly.  
J. L. Sizer of Richmond, Pullman conductor, foot mashed and hurt slightly in side.  
J. R. Townes, colored, porter on Pullman, slightly bruised about the body.

Davies, flagman, hurt about head and face, and foot sprained.  
The injuries of none of the injured will likely prove serious.

The dead were removed to the railroad depot at Milton, where they were kept until the arrival of the coroner from Halifax Courthouse. The accident occurring on the Halifax side of the creek.

The loss will be very heavy to the railroad company, as the cars and a full span of the bridge are a total loss. The passenger, mail, baggage, freight, etc., were passed on through, they being transferred at the creek.

Messrs. Elam and Davies, who were killed, were in Danville Tuesday, and the former had concluded at one time not to leave for home that day, but afterward changed his mind and went by an early morning train.

Captain Morris was chief of the R. E. Lee division of the Order of Railroad Conductors and leaves a wife and a grown son and daughter.

### NO MORE RIDING.

Killing the White Cappers Also Killed the Organization.

LOUISVILLE, Aug. 17.—The Louisville Courier-Journal has an interview with Mr. Thomas of Harrison county, by whom the Conrad brothers were frequently employed. He reports that the general sentiment of the community at Laconia and in the Mosquito creek bottom approves the work of the Conrads in shooting the White Cappers, but in their immediate neighborhood the feeling is different.

Mr. Thomas also reports that there was a sale at the old home of the Conrads last Sunday, and that the brothers have gone to Hardin county, Ky., for good. When the boys were tried for the murder of their father they deeded the farm to the lawyer who defended

them, conditioned that so long as they lived in Indiana it should remain the home of their mother. From the remark dropped by Mr. Thomas, who is not a member of the White Caps, it is believed in Harrison county that the shots which killed the White Cappers at whom the Conrads aimed, also killed the organization. In point of fact, one of the supposed members remarked to Mr. Thomas before he left home, that there would be no more riding.

### TRAPS FOR GIRLS.

Chicago Schemers Try to Import Australian Waitresses.

WASHINGTON, Aug. 17.—The treasury department is in receipt of information that a scheme is on foot in Australia to inveigle young women from that country to the United States under false pretenses. Advertisements have been put in the country papers stating that there is a great demand in Chicago for waitresses, who command very high wages on account of the crowds visiting the world's fair.

These waitresses are wanted, according to the representation made, to work in the fair grounds. The inducements held out include transportation to America and return to Australia, and the schemers secure themselves, by having each woman sign a contract to repay the expenses incurred in travel out of her wages which, it is stated, will not be less than \$100 a month.

Each applicant for position is required to forward a full-length photograph of herself, showing her figure, that the projectors of this scheme may judge whether she is physically capable of withstanding the long journey.

The matter is now in the hands of the Australian authorities, who expressed doubts as to the honesty of the purpose of the schemers. Colonel Stump of the immigration bureau is also on the lookout for any women who come from Australia under contract. If they land here it will be at San Francisco. United states officers have been notified to be on the alert.

### THE SONS OF VETERANS.

A Plan For Mutual Insurance Voted Down by the National Committee.

CINCINNATI, Aug. 17.—The entire session of the national convention, Sons of Veterans, was taken up in the consideration of the report of the committee on insurance. W. R. Cooper, Knoxville, presented the report, suggesting a plan for mutual insurance. After several hours of lively debate the insurance scheme was voted down, 55 to 2. The convention then took a recess.

At the Ladies Aid Society a new boom was sprung. Vice President Mrs. Katherine Holden of Helena, Mont., having come to the front as a strong candidate for the presidency.

### Baby Hurled From a Train.

LIMA, O., Aug. 17.—Shortly after eastbound passenger train No. 4 on the Pittsburgh, Fort Wayne and Chicago road passed Elida, seven miles west, a baby about 10 days old, was found lying alongside the track bleeding from a gash in its head and nose. It died soon afterward. The babe had nothing on but a breech cloth, and was a nice looking boy. It is supposed that the baby was thrown from the car window as the train passed through the town by the mother. Coroner Herman has taken hold of the case.

### Leaving No Stones Unturned.

INDIANAPOLIS, Aug. 17.—District Attorney Burke has returned to the city from Jeffersonville and is at the defunct Indianapolis National bank looking over the papers and consulting with the receiver. He will go to Washington the latter part of the week and report the bank's condition to the department of justice. Mr. Burke says that if it is decided that the national banking law has been violated, proceedings will be at once instituted against those who are considered responsible for the bank's collapse.

### As Good as Medicine.

ENGLISH, Ind., Aug. 17.—A fluent spring of water has been discovered on the premises of the Rev. Francis Curry, at Doolittle's mill, which is showing marked peculiarities. It is very cold, but no amount drank by the overheated laborer or animal will cause distress. While it relieves thirst it also incites hunger, and the user of the water is blessed with an appetite which is almost unappeasable. The water is described as clear, cold and sweet, but so hard as to be unfit for washing purposes.

### Carriage Works Assign.

GREENSBURG, Ind., Aug. 17.—The Baxter carriage works made an assignment to James B. Lathrop for the benefit of its creditors. Liabilities \$31,517.44, with \$10,000 preferred claims. Local creditors are secured by chattel mortgages. The Baxters came here from Cincinnati last spring and erected a carriage factory at considerable expense. They received financial aid from citizens by purchasing lots in Park Place, where the factory is located. It cost the city about \$5,000.

### Lost Several Fingers.

LAWRENCEBURG, Ind., Aug. 17.—George Weisenberger, an express messenger on the Ohio and Mississippi railroad, lost several fingers from his right hand in a very peculiar manner. He had opened the big safe in the express car to place a package in it. The train was whirling along at a rapid rate, and, while flying around a sharp curve in the track, the heavy iron door of the big safe flew shut, closing on the messenger's hand and mashing his fingers severely.

BELLAIRE, O., Aug. 17.—M. R. Reed of Benwood, W. Va., was beaten almost beyond recognition by Seymour Dunlap and John Gallagher, and will be disfigured for life. At the trial his assailants were bound over to court in the sum of \$300 each. Their object was robbery.

## SENATE AND HOUSE.

Proceedings of Both Branches of Congress.

NO DELAY IN LEGISLATION.

A Number of Bills Passed by the Senate and a Program Mapped Out That Insures Active Work Being Done in the Near Future—The House Proceedings Devoted to the Silver Debate.

WASHINGTON, Aug. 17.—The senate spent only three hours in session, but that time was well filled up. Mr. Vest's bill appropriating \$300,000 for a site and building in Washington to be known as the Hall of Records, was passed.

Then the bill to increase the circulation of national banks was taken up and postponed for the reason that several senators had informed Mr. Voorhees that they desired more time to prepare to discuss it. But before it was so laid aside an important amendment was proposed to it by Mr. Cockrell—to authorize the redemption (at par and accrued interest) of such 2 per cent bonds (over \$25,000,000 in all) as may be offered, and to authorize the issue of new treasury legal tender notes in payment therefor. The amendment produced considerable discussion, Mr. Sherman condemning it as an unbusinesslike proposition, and Mr. Cockrell expressing his amazement and mortification that the friend and patron of the national banks—the great gold monometallist from Ohio—should object to an amendment that would increase the amount of currency in circulation.

Another amendment to the bill was offered later on by McAllen of Nebraska for the cessation of interest on the bonds on which the increased national bank circulation should be based. After that there were two speeches delivered, one by Mr. Berry in favor of bimetalism, and one by Mr. Gallinger against tariff legislation before 1897.

The senate, after an executive session, at 3:15 adjourned.

### Silver Debate in the House.

WASHINGTON, Aug. 17.—The debate in the house was characterized by the ebb and flow of eloquence and by the presence and absence of interest. It was started by Mr. McCall (Rep., Mass.) in favor of the repeal of the purchasing clause of the Sherman bill and was closed by Moses (Dem., Ga.) in opposition thereto. Sandwiched between these two speeches were remarks by Combs (Dem., N. Y.), Bryan (Dem., Neb.), and Henderson (Rep., Ia.). The first named made an address from a business standpoint in favor of the repeal of the Sherman law.

Bryan made the speech of the day and although he occupied more than two hours in its delivery, he commanded the earnest attention of his colleagues throughout. He was one of the apostles of bimetalism and his sympathizers regard his argument as unanswerable. But the same thing was said of the speech of Henderson by the opponents of free coinage and taken altogether the day's debate might be put down in the category of a drawn battle.

The house at 5 o'clock adjourned.

### ALERT FARMERS.

They Work All Night and Save 20,000 Bushels of Wheat.

BLOOMINGTON, Ill., Aug. 17.—Saturday night the sheriff of McLean county set out to levy on the six elevators of the failed Middle Division Elevator company which are located in McLean county. When midnight came he was legally unable to proceed further, it being Sunday; he had possession of the elevators at Colfax and Cookville. The farmers about Cropsey, learning the situation, determined to obtain possession of some 20,000 bushels of grain stored in the Middle Division company elevator at that place, which was still their property, not having been paid for.

At 5 p. m. Sunday they gathered from all directions in large numbers with teams, and prepared to break into the elevator if need be and take the grain. No opposition was offered, and by 1 a. m. every pound of grain, including 12,000 bushels of new oats, had disappeared. So soon as the grain was on the ground, it was legally beyond the reach of the sheriff's levy. The same thing on a much smaller scale was done about the same time at another elevator.

### POSTAL BANKS.

Populist Senator of South Dakota Kyle Has a New Scheme.

WASHINGTON, Aug. 17.—Mr. Kyle, the Populist senator from South Dakota, has laid before the senate a postal savings bank scheme, which not only embodies the feature of previous post bank savings bills, but includes some additional features on the lines of the Populists' peculiar theories.

Under the bill the postmaster general is authorized to designate certain post-offices, one in each county, to receive small deposits for remittance to subscribers. He is to issue postal savings stamps from 10 cents to \$1. The savings are not to exceed \$1,000 for any one person and are to draw interest at 2 1/2 per cent per annum. The secretary of the treasury is to loan the postal savings to farmers owning land valued at not more than \$5,000. The loans are to be made at 4 per cent.

COLUMBUS, O., Aug. 17.—Peter Lohrun of Cumminsville, a barber aged 35, suffering from acute mania due to alcoholism, who was locked up at the police station here for safe-keeping, attempted to butt his brains out against the bars of his cell. His head is a mass of bumps and bruises, but he will recover. He says he will suicide yet.

### SEARCHING FOR \$70,000,000

Supposed to Have Been Buried in Missouri by French Settlers.

WARRENSBURG, Mo., Aug. 17.—A company of men is searching for a large amount of gold supposed to have been buried many years ago on what is now the Greening farm, five miles southeast of this city.

This is not the first attempt that has been made to find this treasure. About two years ago several men from Warrensburg became interested, and made an extensive but unsuccessful search for the money. Johnson county was on the trail of the early French settlers of St. Louis, who often made excursions to the western part of the country in search of gold and silver. This county was a convenient place for the Osage Indians from the south to attack the returning parties that had been successful in their search for the precious metals.

A survivor of one of these parties, who died many years ago, told that \$70,000,000 in gold dust was buried in this county, and that a large rock near where it was buried had some characters cut on it to indicate the location of the money. This rock was found, before the war, by a man named Williams, who owned the farm at that time. At the opening of the war, however, he destroyed the characters on the rock, for fear that marauding bands of soldiers would discover them and obtain the treasure. Williams himself hunted for the treasure, but was unable to do much on account of his lack of means. Later he was compelled to sell his farm, and has since kept his secret in regard to the characters on the rock. But now the managers of the searching party are trying to get Williams' services in the hunt.

### ITALIANS BY THOUSANDS.

The Exodus to This Country Is Increasing and Unchecked.

NEW YORK, Aug. 17.—Over 1,000 emigrants have left Italy for this country since the outbreak of cholera in Naples, and 42,000 immigrants have come from Italy this year. According to the official returns 75 per cent of the immigrants who come to this country from southern Italy can neither read nor write, and they are largely of the class described in a recent dispatch from Naples who "hide their sick under beds," believing that cholera is the result of the upper classes trying to poison the lower, in order to reduce the population.

Considering the fact that Bradstreet reports that over 1,000,000 men have been thrown out of employment in this country in two months, and that thousands are crying for bread, it seems extraordinary that we should allow these people to come here and take the bread from the mouths of our own people.

### To Resume With Half the Force.

CLEVELAND, Aug. 17.—Secretary E. S. Page of the Cleveland Rolling Mill company states in an interview here that all departments of their works except the Aetna and plate mills will begin operations again next week in a limited way and that the prospects for the winter season are fairly good. The company when running full time employs 3,000 men, but it will probably not take on half that number when it resumes next week.

### Bold Thieves.

HUNTINGTON, Ind., Aug. 17.—Robert Smith, who drives the express company wagon, was attacked by two men, who were concealed under the platform where he was receiving the express matter. The thieves tried to take a money package away from him, but did not succeed. Smith shot at one of the men, but was knocked down by the other and remained unconscious for some time. The thieves escaped.

### Encouraging Report.

QUARANTINE, Aug. 17.—There are no new cases of cholera. All of the patients in the hospital at Swinburne island are doing well. It is now three days since the last patient was removed from Hoffman island, and 80 hours since he was isolated from his fellow passengers. The situation is encouraging.

### Caused by Slow Collections.

WAPAKONETA, O., Aug. 17.—The Guagi Brothers, dealers in general merchandise at St. Johns, a small hamlet six miles east of here, and who have been in business for 30 years, made an assignment to Samuel Guagi. Assets about \$2,500, liabilities about the same. Cause of assignment, slow collections.

### Convict Seriously Injured.

COLUMBUS, O., Aug. 17.—While finishing some woodcarving at the penitentiary Robert Stevenson, serving one year from Hamilton county for burglary and larceny, accidentally ran a long knife up to the hilt in his left thigh. The wound is a dangerous one.

### Killed by a Kick.

FOSTORIA, O., Aug. 17.—While carrying a colt, D. M. Easley, one of Wood county's best known residents, was kicked in the face by the animal and instantly killed. He was a contractor and builder by occupation and quite wealthy.

### Fell Forty Feet.

CINCINNATI, Aug. 17.—Louis Cordes, son of John Cordes, of West Norwood, while at work on the roof of St. John's German church, Montgomery pike, fell to the ground about 40 feet, and was seriously, if not fatally, internally injured.

### Failed to Break the Record.

PHILADELPHIA, Aug. 17.—Pacer Saladin failed in his attempt to break the pacing record. His best time was 2:08.

### Death of Whitelaw Reid's Aunt.

CEDARVILLE, O., Aug. 17.—Mrs. Gavin McMillan, 87, an aunt of Whitelaw Reid, died here.

## RELIGIOUS RIOTS.

Streets of Bombay the Scene of Bloody Conflicts.

MANY PEOPLE WERE KILLED

A Large Number Injured—The Police and Soldiers Unable to Suppress the Mob—A Disaster in Ireland in Which Seventeen Lives Were Lost—Other Foreign News

BOMBAY, Aug. 17.—The religious rioting was resumed in this city yesterday, and for several hours the streets were the scenes of desperate conflicts. The fighting was of the most sanguinary nature, and a large number of persons were killed and injured. Yesterday being a Hindoo holiday, the authorities anticipated a renewal of the recent disturbances and were in a measure prepared to suppress the outbreak, but the police and the force of troops in the garrison were inadequate to cover the whole city, and before quiet had been restored in one district fresh outbreaks would occur in other parts of the city.

The rage of the mob was directed especially against the mosques, several of which were sacked and burned. All the public buildings are now guarded by troops and the gunboats in the harbor have been cleaned for action and brought into position to cover the native quarters. The local authorities are confident of being able ultimately to quell the riots.

### SEVENTEEN PEOPLE DROWNED.

A Distressing Accident to a Party of Pleasure Seekers.

DUBLIN, Aug. 17.—A fatal accident occurred to a party of merry makers in western Ireland. An excursion party left Kilkree, in the southwestern part of County Clare, intending to cross the river Shannon, which in that vicinity is quite wide, forming what is known as Carrigaholt bay. When the party were a considerable distance from the shore the boat capsized, and everybody on board of her was thrown into the water.

The accident was witnessed from the shore and several boats put out to the rescue. Other boats in the bay bore down on the capsized boat, but before any of the rescuing party could get to the place where the overturned boat was lying, 17 of the excursionists had been drowned. Some of the people who were clinging to the keel and several who had kept themselves afloat were rescued.

### Death of a Distinguished Physician.

PARIS, Aug. 17.—Jean Martin Charcot, a distinguished French physician, died yesterday in Morvan. Dr. Charcot was born in Paris in 1825. In 1856 he was appointed physician to the central bureau and from that time had given his attention to the study of the nervous system.

### Cholera Spreading.

VIENNA, Aug. 17.—A dispatch from Lemberg, capital of Austrian Galicia, states that cholera is spreading in the towns of Nadjerna and Sniatyn. Within the past 48 hours there has been 24 new cases of the disease and 11 deaths reported.

### PURSUED BY A MOB.

A Lynching Liable to Occur Near Yellow Springs, Ohio.

SPRINGFIELD, O., Aug. 17.—Every man in Yellow Springs and vicinity is armed, either with a revolver, shotgun, rifle or club, and the town looks as if it were in a state of siege. The colored man, Whaley, wanted for the three recent mysterious draypin murders there, and the murderous assault, at which he was caught, on Farmer Hopkins, this time with a harnesspin, is still at large but will certainly be captured within the next 24 hours.

Marshal Hamilton and deputies ran him into a stone quarry from which he managed to escape. A volley of shots, none of which took effect, were sent after him. Sheriff Dodge of Xenia and deputies have arrived on the scene and are in pursuit. It is quietly understood that if Whaley is captured he is to be lynched without ceremony.

The village is about evenly divided between whites and blacks and this may cause a race war, as the negroes look with no favor on the pursuit of Whaley, who came from Kentucky eight months ago.

### Died in the Poorhouse.

WABASH, Ind., Aug. 17.—Nancy Wabash Co-nah, a Miami Indian squaw, died yesterday in the Wabash county poorhouse. The woman, who was only 42 years old, a few years ago had a section of the finest land in Wabash county, but she married a poor white man, who squandered her property, assisted ably by herself and friends, and when she was taken sick, there was no one to care for her, and she was sent to the poor farm. Before going, she exacted a promise that she should be buried on her old farm, and today her body was removed there and decently interred in a secluded spot.

### Old Grudge Ends in Murder.

ANDERSON, Ind., Aug. 17.—The climax of an old grudge between Charley Mangan, a carpenter, and Pete Lowry, a Big Four flagman, came when Lowry sent five bullets after Mangan, two of them taking effect in the side of his face and neck. Lowry is in jail.

### Will Reduce Wages.

LOUISVILLE, Aug. 17.—A circular was issued from President Milton H. Smith's office to the trainmen and trackmen of the Louisville and Nashville railroad, announcing that on Sept. 1 there will be a reduction of 10 per cent in all salaries.

## WEATHER INDICATIONS.

For Kentucky, westerly winds; cooler, fair weather.

NATIONAL bank notes in circulation now aggregate \$189,000,000, an increase of over \$5,000,000 since August 1.

The attendance at the World's Fair was large again yesterday, and the indications are said to be that this week will see a greater number of persons at Jackson Park than have paid to see the great show during any previous week.

The outlook in the iron and steel trade at Pittsburg was brighter yesterday than at any time since the mills shut down. Several mills resumed, and over a thousand men were put to work. Within the next few days fifteen thousand men will be given employment.

SECRETARY CARLISLE denies the report that he had said Representative Wilson would be Chairman of the House Committee on Ways and Means. He also stated that, so far as he knew, neither the President nor any member of his Cabinet had attempted to influence the Speaker in the organization of the committee.

A NOVEL question has been sprung on the Patent Office by Gov. Tillman, of South Carolina. He wants to copy right the trademark "Palmetto" for the State's whisky and beer, but the Patent Office had never heard of a State wanting a copyright and hesitated about establishing such a socialistic precedent. The question is being argued.

The State Board of Sinking Fund Commissioners on Tuesday unanimously decided to at once open negotiations for the purchase of a chair plant to be established within the walls of the prison at Frankfort and for the disposition of the output. The idea is to thus work between five and six hundred men. Treasurer Hale was appointed a committee to conduct the negotiations.

## CONDITION OF CROPS.

### Report of Kentucky Weather Bureau For the Week Ending Monday, August 14.

The general prospect at the close of the present week was considerable better than at any time during the past month. While the average temperature was about normal the nights as a rule were very cool for the season, and the effects of the drouth were thus somewhat mitigated. The weather was generally clear throughout the State, except on the 11th. On that date the long looked for rain came, and the ravages of the drouth were stayed temporarily at least. The rain was general throughout the State and was quite uniformly distributed, though the northern counties and places in the central counties received considerably the most. Its benefit was greatly enhanced from the fact that in most places it fell in gentle showers, and thus permitted of its absorption by the soil instead of running off rapidly as would have been the case had it fallen in very heavy showers.

All crop prospects are considerably improved, though more rain will be needed very soon to insure their development. As it was the rain came too late to restore them in the counties where the drouth had been most severe. These are mainly in the central and northern portions of the State.

Wheat threshing is virtually completed, and the yield is probably slightly less than the average.

Reports as to the condition of corn vary considerably, but as a rule it is reported to be in fair condition, except in some of the central and northern counties, where it has felt the effects of the drouth severely. Many correspondents in the western half of the State say that its condition is excellent. Taking the State as a whole the present outlook is considerably less than an average crop. Good rains during the coming week will preclude further danger from drouth in most cases.

The general outlook for tobacco is not so encouraging as might be wished. It has suffered most in the same sections that corn has, though there is a much more general complaint this week as to its backward condition than there is of that crop. In many sections the drouth has worked serious injury to it. The rain of the 11th revived it to some extent, but the amount was not sufficient to relieve it only temporarily. Good copious rains are needed to insure even three fourths of a crop. Some cutting was done during the week in Garrard, Bourbon and other counties. It is feared that the present backward condition of the crop will expose it to the danger from frost before it is matured.

Many of the water courses have become dry and some farmers are obliged to haul water for their stock. While the rain revived pastures somewhat, they are still very short, and the feeding of fodder to stock is general in many parts of the State.

Potatoes and other root crops are reported to be greatly improved. Grapes and peaches are rotting very fast and the yield of both will be very light.

# LIMESTONE BRIDGE.

A Handsome and Servicable Structure at a Nominal Figure.

The Cost of Construction—Its Dimensions, Weight, Capacity—The Internal Improvement Committee.

The old wooden bridge that spanned the historic Limestone has been replaced with a handsome iron bridge known as the Pratt Truss, erected by the King Bridge Company, of Cleveland, O., the length of the structure is 150 feet, it has a twenty foot roadway, with two five foot sidewalks, the capacity of the bridge is 225 tons. The west abutment is new, being built from the ground up and is a solid and substantial piece of masonry, the east abutment was strengthened by three courses of stone and is a solid piece of work. The masonry was under the supervision of T. D. Hoobler, of Vanceburg, Ky., and reflects credit on the ability of the young man.

The construction of the bridge was under the supervision of D. H. Sedgwick, of the King Bridge Company. It weighs 120,000 pounds, and complete will cost \$7,500. The iron work cost \$5,375 and the masonry \$1,911. There is some little work yet to be done on the approaches, but practically the work is finished and the Internal Improvement Committee will meet at the bridge at 4 o'clock this afternoon to accept it as completed from Mr. J. C. Morrison, of the King Bridge Company, who made the contract with the city, and has completed his contract to the letter, all of his work giving entire satisfaction.

In this connection it will not be out of place to say that the citizens of Maysville are indebted to Mr. Robert Ficklin, Chairman of the Internal Improvement Committee for his devotion to the city's interest manifested during the erection of the bridge. We have been informed that there was not a piece of iron placed in position that Mr. Ficklin did not scrutinize closely, that he might detect any flaws.

The bridge was badly needed and we have one now that Mr. Morrison says will last for years. It is a handsome and substantial bridge erected at a nominal cost.

## "Young Hercules."

A young man who is preparing to cross Niagara Falls suspended by his teeth from a trolley arrangement has been in Philadelphia making plans and ordering the paraphernalia necessary for his extraordinary undertaking. The youth is known as "Young Hercules," although his real name is Beck, and his home is at Elm Park, Staten Island.

Young Hercules claims to be but nineteen years of age. He says he will cross the falls early in September. A half-inch cable will be stretched across the gorge, being about forty feet higher at one end than the other. Beck has invented a grooved wheel which will run on the wire, and to this will be attached a piece of prepared leather, which will just fit his mouth. This he will hold in his teeth, and with a twenty-pound dumb bell in each hand to balance him, will slide across the falls suspended by his teeth. The trip will, he says, take four minutes.

## Maysville Man.

The following notice was taken from the Cincinnati Trades Journal: "The Cincinnati Brick Company, at Sekitan, Hamilton county, is now under the management of Mr. N. C. Powell, formerly book-keeper and assistant manager of the company. He is well and favorably known in this city and throughout Ohio, Kentucky and Indiana and it goes without saying that the establishment will not lose any of its popularity. He will make only building and sewer brick and has ample capacity for filling orders of any magnitude. The plant is only a few miles from the city on the O. and M. R. R., with splendid shipping facilities. Mr. Powell is a member of the Builders' Exchange."

## All Aboard For the Fair Grounds.

Special trains will be run between the St. Charles Hotel ticket office and fair grounds August 23, 24, 25 and 26, leaving the St. Charles Hotel office at 1 p. m., 1:35 and 2:20 p. m. Returning leave the fair grounds after the races. A comfortable seat for every passenger. Quick time. Round trip 15 cents.

## To Cleanse the System

Effectually, yet gently, when constive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds or fevers use Syrup of Figs.

## Big Wheat Crop.

A special to the New York World from Minneapolis, Minn., says: "The crop prospect in this State held without unfavorable change last week. The indications are for 100,000,000 bushels of spring wheat in Minnesota and the Dakotas."

## The Year's First Frost.

The Catskill Mountains and meadows in Delaware County, New York State, were covered with a white frost on the morning of the 14th.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

D. M. RUNYON, insurance office, Court street, over Mitchell, Finch & Co.'s Bank.

## We Tip Our Hat.

The following is from the Owingville Outlook: "Among all the towns of Kentucky, the fine little city of Maysville has long owned and thoroughly deserved the reputation of being in the very forefront for generous and hospitable treatment of her visitors. An attendance at the Maysville Fair, August 22nd to 26th, will convince you of the truth of the foregoing, and also give you an opportunity to see one of the best fairs in the State."

## FOR RENT.

FOR RENT—The house on south east corner Front and Market, formerly occupied by Katt & Co. and N. Gollenstein. Apply to GARRETT'S WALL. 122d St.

## LOST.

LOST—A deep red Durham Bull, strayed from the farm on Lewis K. Parry, near Washington, last Monday night. Any one finding him will please address this office. 17-3t

## STRAYED.

STRAYED OR STOLEN—From the farm of Mrs. Louisa Morton, was near Washington, Ky., Monday night, August 7, one brown horse, with two white feet and bald face, one aged, brown mule. Any information as to the whereabouts of either or both of the animals enabling me to get them will be rewarded. JOHN R. DOWNING. all4d4eod

## THE TEACHERS.

T. C. Springer's Charts Displaying Progressive and Number Study and Teachers' Anatomical Aid.

Visit to Aberdeen—Additional Enrollments—Discussions. Notes, Etc.

The institute was called to order Wednesday morning at 8:45 o'clock by Superintendent Blatterman. After scriptural reading and prayer by Prof. Josiah Wilson, Mr. T. C. Springer, representing the Central School Supply House, of Chicago, was granted an opportunity to exhibit before the institute charts displaying progressive number study and teachers' anatomical aid, which was viewed with deep interest and proved a valuable object lesson to the teachers.

At the close of this exhibition Superintendent Blatterman delivered some appropriate remarks commending these charts and recommending teachers to make effort to have one or both of these aids adopted in the various districts. On motion of Prof. Hays Thomas the following resolution was adopted:

That it is the sense of this institute that the charts exhibited by Mr. Springer should be introduced into the schools and be highly recommended.

T. V. Chandler presented his method of teaching civil government, which was well received by the institute. He was followed by H. P. Wilson, who thinks we should begin with the family, then proceed in order to the school, town or city, county, State and United States, teaching carefully the duties of the various offices.

After an intermission of ten minutes and a song by the institute the regular work on the programme and syllabus was taken up.

Prof. Peterman thus completed the subject of civil government and defined it as the science of citizenship, and gave the institute something to think about on the subject, after which he gave an outline on the blackboard showing how the subject should be taught.

After singing by the institute Mr. J. W. Asbury presented his method of teaching physiology and delivered a very interesting talk on the topic. He was followed by Miss Howard and Mr. Thomas, all of whom made some very interesting points. Prof. Peterman stated the purpose of physiology; first, better health among the people; second, personal temperance among the people. Adjournment at 12 m.

### AFTERNOON SESSION.

The afternoon session consisted of roll call and adjournment. The members of the institute proceeded in a body to visit the Brown County Teachers' Institute now in session in Aberdeen, O., where the afternoon was pleasantly and profitably spent.

### ADDITIONAL ENROLLMENTS.

Mattie Power, Maysville, Ky.  
Mae Stubblefield, Rectorville, Ky.  
Eva McDaniel, Fern Leaf, Ky.  
Harrieta Keith Owens, Washington, Ky.  
Oscar Grigsby, Tullahoma, Ky.  
C. E. Caldwell, Minerva, Ky.  
Maude T. Downing, Maysville, Ky.  
H. P. Wilson, Orangeburg, Ky.  
Kate Mayhugh, Orangeburg, Ky.  
Ida Cooper, Rectorville, Ky.  
Mary D. Herbert, Rectorville, Ky.  
Martha Mastin, Kennard, Ky.  
E. D. Shelton, Bradyville, Ohio.  
George W. Jett, Mt. Olivet, Ky.  
Miss Julia Myall, Mayslick, Ky.  
J. R. Bradley, Mt. Gilead, Ky.  
Wylie Shelton, Fern Leaf, Ky.

### INSTITUTE NOTES.

Every teacher reports an enjoyable time.

Mr. Kirkland reports a good time at Aberdeen.

The attendance is very large and still increasing.

Professor Asbury can always be cool if he goes to Aberdeen often.

Mr. W. E. Shelton, of Bracken, is attending the Mason County Institute.

Mr. Earnest Shelton, formerly of Ohio, will be found at Shannon this winter.

Mr. W. H. Hicks has the Parry school under contract for the coming session.

Professor W. W. Cook will teach the Millwood school formerly taught by Professor Berry.

Professor John Rhea is very sick at his lodging which prevents his attending the institute. The many friends of Mr. Rhea tender their sympathy.

Mr. George W. Jett has been employed to teach the Sardis school, and Miss Lottie Wood, of Aberdeen, will also resume her position at that place.

Prof. O. Grigsby, who formerly taught the Plumville school, has been engaged to teach the Salem school the next term. May success go with you, Professor.

Mr. C. E. Wells has been engaged to teach the Mt. Joy school the coming session. Mr. Wells has controlled this school four terms, which speaks well of his ability as a teacher.

Why not have a reunion? Do we intend to go day by day to the institute, not knowing, probably only a few of the members? Why not have a general hand shaking and make up?

The institute accepted a kind invitation from our fellow workers of Brown County and visited that thriving and active institute Wednesday, and all were heartily welcomed by the members of that institution, and all consider it an enjoyable evening well spent.

### Died From the Effects of an Assault.

Captain William Killen died at his country residence below Springville, Ky., Monday morning. About two years ago he was assailed by a negro hired on the place and nearly killed. The injuries received on this occasion hastened his death. He was an old river man.

The first shipment of bananas over the C. and O. passed west yesterday evening. There was about twenty-five car-loads.

BIG bargains—Decorated dinner sets, 101 pieces, at \$8; and chamber sets, \$2.75 and upward, at Schatzmann, Market street.

THE Cunard line steamer Etruria that left London on the 12th, for New York, took consignments in gold amounting in value to £750,000.

REV. S. M. COOK, a returned missionary of Yoruba Province, West Africa, will speak on his work at the Christian Church to-night. Come and hear him.

THE one-year-old son of Mr. Patrick Maher, of Washington, died of cholera infantum Tuesday, and was buried at Washington Cemetery yesterday.

THE steamer Congo struck a snag above Vanceburg on Tuesday and sank rapidly, up to the cabin. No one hurt, and her freight was reshipped to Lexington.

DANIEL ROCHE, a grocer of Paris, Ky., assigned Tuesday. Assets \$15,000, liabilities \$12,000. Mr. Roche has many friends here who will regret to hear of his embarrassment.

MR. H. J. HOGES and Miss Mary Heath, of Vanceburg, were married at the County Clerk's office yesterday by Judge Phister. They were accompanied by Mr. Alfred Moore and Miss Louie Heath.

BEFORE going to the World's Fair, call and get one of Ballenger's cards. By presenting it at the exhibit of one of the largest eastern manufacturers in Liberal Arts Building you will be presented with a handsome souvenir of the exposition.

SISTER ANTHONY celebrated her seventy-sixth birthday in Cincinnati Tuesday. Sister Anthony was active in relieving distress on the battle-fields of the South during 1861-5, and is one of the best known Catholic religious in the South and West.

REV. C. POPE, of Millersburg will preach at Mt. Carmel, in the M. E. Church, next Sunday morning at 11 o'clock. He will preach at Mt. Gilead at 3 p. m., and at night and will continue the meeting there the following week. The public is invited to attend these meetings day and night.

It has been definitely decided that Murphy, the jeweler, is leader of low prices without sacrificing quality. The gold, gold filled and silver watches now on sale, are without an exception the cheapest these goods have ever been sold. Call and see them, at P. J. Murphy's, successor to Hopper & Murphy.

### PERSONAL.

Wm. L. Traxel is on a trip to Charleston, W. Va.

Rev. D. A. Beardsley, of Paris, Texas, is in the city.

Mrs. R. B. Lovel is visiting relatives in Cincinnati and Covington.

Mrs. J. Hawthorne Hill, of New York, is visiting Miss Sophia Albert.

Mr. George McDonald, of Chicago, arrived here this morning on a visit.

Miss Sophia Albert has returned from Cleveland, O., after a pleasant visit.

Miss Bertha Daulton returned home this morning from a visit at Mt. Olivet.

Mrs. J. T. Wilson and Miss Mamie Scott left Tuesday for the World's Fair.

Mr. and Mrs. Rudolph Hoefflich arrived from this morning from the World's Fair.

Mr. Joseph Luzi, of Meyenfield, Switzerland, is visiting his brother, Peter Luzi, of this city.

Mrs. James Dunn and mother, Mrs. A. Bona, left this morning for Lexington to be absent three weeks.

Dr. Magnus T. Hopper, of Brooklyn, New York, arrived yesterday on a visit to his brother, Mr. C. C. Hopper, of this city.

THE Seminary News, of Owingsville, Bath County, a journal espousing the cause of education, makes its initial bow to the public this week. It will be a monthly for-column quarto, and is a bright and healthy looking paper.

THE Top, Labelle and Whittaker Mills, and Block's Big Tobacco Works, of Wheeling, W. Va., which have been shut down, announce that they will start up next week, giving employment to nearly 2,000 people. The Etina Standard, which has been running three mills, will start six Monday.

MR. W. S. TOZZER, who has been Superintendent of buildings and bridges on the Cincinnati Division of the C. and O. for several years past, died Tuesday, at his home near Cincinnati, after a short illness. He was one of the most popular of the C. and O. officials and was well known in this city, where he had many warm and devoted friends.

UNCLE SAM'S pensioners are meeting with a few obstacles in the collection of their claims this quarter. In the first place the time for sending the checks was overdue several days, and when they did get them they, as customary, presented them at the banks to be cashed, but to their surprise they were met with a blank refusal, the reason being that in the present money stringency the banks cannot afford to wait until the Government chooses to return the cash. The consequence is that the holders of the checks will have to send them to New York and await the pleasure of the Government to cash them.

Said the Owl

to himself, "If the moon I could get, whenever I'm dry my throat I could wet; The moon is a

quarter—with a quarter I hear; you can purchase five gallons of

Hires' Root Beer."

A Delicious, Temperance, Thirst-quenching, Health-Giving Drink. Good for any time of year.

A 25c. package makes 5 gallons. Be sure and get Hires'.

## CRUSADE AGAINST CHINESE.

### White Laborers Are Taking Their Places in California.

SAN FRANCISCO, Aug. 17.—A crusade against Chinese laborers has been started in Fresno and other places in the San Joaquin valley, and seems to be spreading over the state. Owing to the financial troubles large numbers of white men are out of work, while many Chinese are employed steadily in vineyards and ranches. It looks as if the Chinese will be displaced. Thus far violence has been narrowly averted. At Selma, a small town near Fresno white men notified the Chinese that they must leave town and make room for white laborers.

At Fresno yesterday unemployed men to the number of 500 held a meeting and paraded through the streets denouncing the Chinese. The crowd started toward Chinatown, where 2,000 Chinese reside, but was diverted from its purpose by cool headed citizens. The merchants and vineyardists of Fresno held a meeting, and many of them announced that they would discharge their Chinese help and employ white labor. One man took 30 white men on the spot and marched them off to his vineyard. Another announced that in a few days he would have work for 200 men. Thus far there has been no violence, and it looks as if the unemployed white men in the San Joaquin valley would displace Chinese labor.

### Would-Be Mafi Robbers Follwed.

CHAGRIN FALLS, O., Aug. 17.—The United States mail wagon running from Fullerton to Chardon was held up north of town in broad daylight by toughs armed with clubs. A fight ensued, but the driver whipped up his team, knocking one highwayman down. He ran over him with the wagon and escaped.

### Signed the Scale.

PITTSBURG, Aug. 17.—Lindsay & McCutcheon, iron and steel manufacturers of Allegheny, employing 800 men, have signed the Amalgamated association wage scale and ordered that work be resumed at once.

### CONDENSED NEWS.

Short Items From Various Parts of the Country.

Berry & Son, retail grocers of Tuscaloosa, Ala., have made an assignment in favor of local creditors.

Eight thousand machinists of Pittsburgh threaten to strike on account of a 10 per cent reduction in wages.

Measures are being taken for the relief of the families rendered homeless and destitute by the Minneapolis fire.

Carl Mueller, the well known German painter and director of the art academy at Dusseldorf, Germany, is dead.

The stranger accidentally killed at New Buffalo, Ind., has been identified as Thomas Shuck of Buchanan, Mich.

The Southern Express office in New Orleans was robbed of a bag containing 1,000 silver dollars. There is no clew to the thief.

While Lafayette Sagerer was lighting his gasoline stove at Nicholasville, Ky., it exploded, burning down part of the residence.

At Vanceburg, Ky., Professor Moss A. Ruggles struck Captain J. W. Dodd over the head with a four-pound weight. Dodd is badly injured.

The government contract for the heating apparatus of the Chicago public building, has been awarded to Farrell & Merker, Chicago, at \$9,975.

Albert, the youngest son of Mayor H. A. Young, at Lake City, Minn., accidentally shot and instantly killed Christina Archibald of Minneapolis.

Miss Daisy Garland, daughter of the former attorney general, disappeared from her home in Washington Friday. Search is being made for her.

Keeler & Jennings' carriage factory, on North Washington street, Rochester, was damaged \$100,000 by fire. It is thought the fire was of incendiary origin.

Hearing that the sheriff was about to levy on the warehouses of the Middle Division Elevator company, which recently assigned, the farmers of Cropsey, Ill., who had 20,000 bushels of grain stored in the company's elevator at that place, assembled en masse and carried off the entire contents of the building. The farmers about Anchor also emptied the elevator at that place.

Governor Ben Tillman of South Carolina is seeking governmental authority to use the sobriquet of the state, "Palmetto," as a trademark for his dispensary liquors. The patent office has refused to patent the label, as the statute provides only for the registration of trademarks owned by persons, firms or corporations and the officers decide that a state of the American Union is neither a person, a firm nor a corporation.

### Base Ball.

At Philadelphia—Philadelphia, 0; Boston, 4.

At New York—New York, 0; Brooklyn, 2.

At Washington—Washington, 0; Baltimore, 5.

New York's Unemployed Laborers.

NEW YORK, Aug. 17.—About 1,000 of New York's unemployed men marched through several of the principal streets and congregated in Golden Rule hall where speeches were delivered by prominent labor leaders. Resolutions were adopted calling upon hungry workmen not to pay rent and advising the hungry women and children to assemble in a mass meeting and appeal to the public for bread.

### Work of an Incendiary.

WABASH, Ind., Aug. 17.—The large barn of Mrs. Catharine Jack, in Pawpaw township, this county, was destroyed by fire, together with a large quantity of hay, grain, agricultural implements and buggies. Loss about \$2,000; no insurance. The blaze is supposed to have been incendiary.

### A Cowardly Pugilist.

ANDERSON, Ind., Aug. 17.—Pete Ogle, the gas well driller who was shot by Jack Hanley, the pugilist, has been taken to his home at Noblesville. He will die. They had quarreled.

## KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

## Complete Manhood

### and how to attain it.

At last a medical work that tells the causes, describes the effects, points the remedy. This is scientifically the most valuable, artistically the most beautiful, medical book that has appeared for years; 96 pages, every page bearing a half-tone illustration in tints. Some of the subjects treated are Nervous Debility, Impotency, Sterility, Development, Varicocele, the Husband, Those intending Marriage, etc. Every man who would know the grand truths, the plain facts, the old secrets, and the new discoveries of medical science as applied to married life, who would alone for past follies and avoid future pitfalls, should write for this wonderful little book. It will be sent free, under seal. Address the publishers, Erie Medical Co., Buffalo, N. Y.

Next Door to the State National Bank, Maysville, Ky.

# DR. APPLEMAN,

## "SPECIALIST!"

## Nervous, Chronic, Throat and Catarrhal Diseases.

Late from New York City, now permanently located at Louisville, Ky.

WILL MAKE HIS NEXT VISIT TO

MAYSVILLE, AUGUST 17th and 18th, TWO DAYS, returning monthly thereafter—parlors at the CENTRAL HOTEL. From Thursday at 10 a. m. till Friday at 3:30 p. m.

### DR. APPLEMAN'S NEW SYSTEM.

So many thousands are already acquainted with Dr. Appleman's mode of treatment in this country, it is only necessary to say by this method an equilibrium of the vital powers is at once established, and an equalization of the circulation maintained. Thus nature is enabled to throw off the effete matter. Medicine will act like a charm and health at once ensue. Dr. Appleman's experience in the Great Medical Schools and Hospitals of New York enables him to treat all chronic and Catarrhal Diseases understandingly, and with never varying success. He does not claim to cure everything like some physicians. Bear this in mind. Call and see for yourself. He does not practice deception. Dr. Appleman uses nothing but the latest and most improved treatment in foreign hospitals—nearly all medicines new.

### The Greatest of all Gifts—The Power of Diagnosing Diseases.

Dr. Appleman knows he is one of the Greatest Diagnosticians in the world. He has a national reputation for diagnosing the most complicated diseases. By his keen perception and intuition he is enabled to fathom the most complicated disease and reveal to the sick one the true fountain and cause of their suffering, where other physicians have failed and were groping in darkness.

By his correct understanding of each and every case, Dr. Appleman is enabled to cure hundreds of diseases given up by the most eminent physicians in the country. CATARRH—Dr. Appleman can absolutely and permanently cure any case of Catarrh that ever existed. He honestly believes he can show a greater record of cases of Catarrh cured than all the physicians in Kentucky combined.

Over 10,000 afflicted cured of Nervous, Chronic, Throat and Catarrhal Diseases in ten years. Dr. Appleman promptly, absolutely and permanently cures Rheumatism, Paralysis, Throat and Catarrhal Diseases, Epilepsy, Seminal Weakness, Neuralgia, Spasmodic, Night Losses, Weak Back, and all diseases of the Mind, Dyspepsia, Consumption (in first and second stages), Catarrhal Deafness, Heart Disease, Disease of the Blood, Female Diseases, Liver and Kidney Complaints, Nervous Exhaustion, General and local Debility, etc. Dr. Appleman guarantees to restore impaired Vital Energy, to invigorate the debilitated Constitution, stimulate the Organic Action, promote the Circulation and promptly renew that Vital Energy, the loss of which is the symptom of decay. "What is it?" and "How does he do it?" are questions asked by hundreds of people.

Dr. Appleman can refer you to hundreds and hundreds of persons whom he has treated and cured. If you have been humbugged or badly treated do not wait for a more convenient season, but come at once and put his wonderful powers to the test. You will never regret it. Remember the date. CONSULTATION PRIVATE and FREE TO ALL.

Dr. Appleman will treat you honestly, and positively will not throw out any false hopes or take your case if he cannot cure you. If your case is incurable he will frankly and honorably tell you so; also caution you against spending money for medicines which impostors usually suggest. Charges shall be reasonable and within the reach of all.
